

**RescuePoint Compact (147 Series)**

**Small Footprint. Full Protection.**

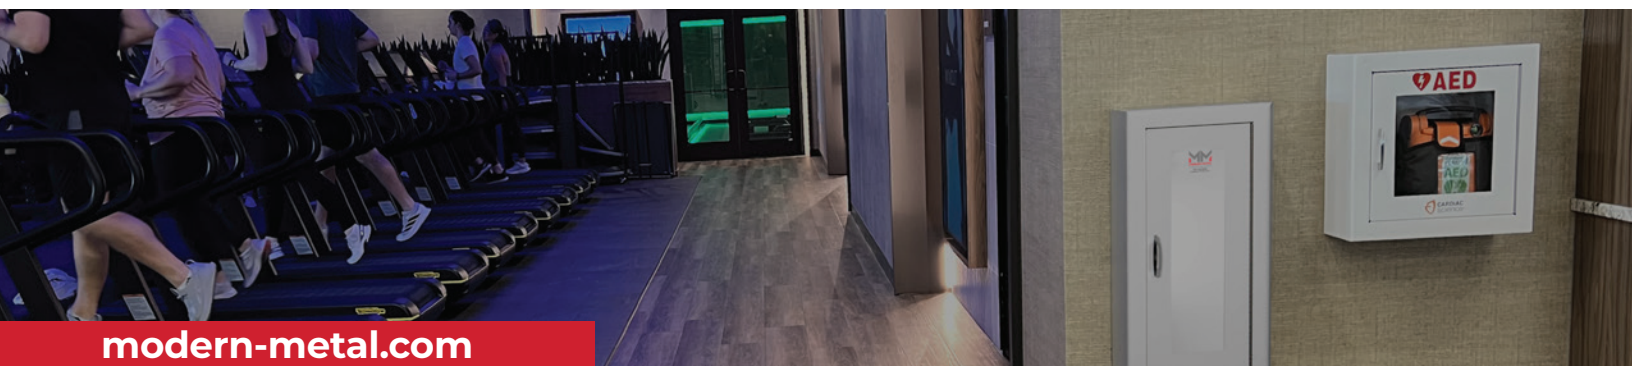

# 147 Series

Emergency Defibrillator Cabinet

The **RescuePoint Compact** delivers full-scale performance in a space-conscious design—ideal for offices, schools, fitness centers, and facilities with limited wall space. Built from 20-gauge steel with a continuous stainless-steel hinge, it provides strong, professional protection in a smaller footprint.

**A powerful solution where space is limited, but protection is essential.**

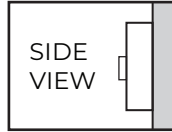

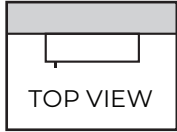

## SURFACE MOUNTED CABINETS

### INSIDE CABINET DIMENSIONS

# RescuePoint Compact 147 Series

### Key Features:

- Space-Conscious Design: premium AED protection for smaller wall areas.
- Installation Options: surface, semi-recessed, and fully recessed.
- ADA Compliant: semi-recessed & fully recessed versions meet ADA requirements.
- Durable 20-Gauge Steel Construction: white powder coat or #4 polished stainless-steel finish.
- Continuous Stainless-Steel Hinge & Chrome-Plated Handle.
- Fire-Rated Option: UL-classified 1- and 2-hour wall integrity using FSB brackets, maintaining wall rating without a double-tank design.
- Custom Branding Available: facility logos, graphics, and custom messaging.
- Accessories Available: AED wall signage, ViewLift Riser, and TriggerLift Riser (TriggerLift compatible with SignalPro only).

### Alert & Notification Options

- SignalPro Premium Alarm — adjustable 85-120 dB, four activation modes, and external relay for building security systems.
- PulseAlert Standard Alarm — compact magnetic contact alarm with 110 dB output, powered by 3×LR44 batteries (included).
- Strobe light integration available (SignalPro only).
